Atlantic Cup Ralliers Give High Marks to Nanny Cay as Host Marina

The 2009 Atlantic Cup in May was the first Cruising Rally Association event to be hosted by Nanny Cay Marina. Here's what some of the event participants said about our new host marina.

Nanny Cay is easy to enter. No cruise ships, ferry boats, or charter fleets. The fuel dock is efficient; the slips are very nice. The bathrooms are astonishing,— more like a spa than a marina. All in all, we felt it was a nice step up and the price competitive.

Bill & Diana Quinlan

We are big fans of Nanny Cay. They are aggressive, pro active, and are thrilled to be a part of the CRA events. Miles

Southerland, the marina manager, questioned me before we left as to how we were treated by the employees, how was the dinner, and what could they do to make next years event better.

Bill & Linda Knowles

I think what impressed me the most was how much the facility TRULY wanted us there. Not just the owner, but from every single person that worked there. We were not a hassle at all, they

clearly wanted to please every single person in the event. Overall, a 9.8 on a scale of 10.
